The project stems from the Latin 'Origo-Originis' "with reference to writings, works of art or other productions that are at the hands of the author, as opposed to what is a copy of it" (cit. Treccani)
Vinification:	In pressure tanks (Martinotti method), sur lies for 12 to 18 months to ensure unconditional quality and finesse in keeping with Nebbiolo. Subsequent maturation in bottle for 6-12 months prior to the wine's release.
Tasting note:	Delicate antique pink color, with a fine, lingering perlage and a floral nose reminiscent of wild roses and peach blossom. Fresh and elegant in the mouth, with the considerable complexity that is typical of the varietal at the same time. Nebbiolo's drinkability and verve unquestionably make this a unique bubbly.
type of closure:	MYTIC DIAM cork
