<b>The Mesdi range</b>	In the local Piedmontese dialect Mesdi represents midday and the southerly exposure of the vineyards. Using only autoctonous grapes from our region, this line of easy-drinking wines is generous and true to the local traditions.
<b>Our carbon footprint</b>	The vines are cultivated following the cycle of the seasons, striving for maximum sustainability of the environment. We use a light-weight ALBEISA bottle and sugar cane fibre for the cork "Select Green nomacorc" as well as the label.
<b>Tasting note</b>	Mesdi rosé is a very pleasurable, easy-drinking, dry wine with a mouth-watering acidity. It delicately displays notes of attractive summer fruits like strawberries, raspberries and red currants. A perfect aperitif, with light finger foods or simply to accompany a warm summer day.
